SITE PREP TRACTOR ATTACHMENTS

		
<b>Rotary Ax</b> A choice of attachments for land and right-of-way clearing are available to maximize machine productivity and flexibility. Quick-connect hydraulic couplings permit fast, easy connection of remote hydraulic lines to power attachments with multiple hydraulic functions.	<b>Stump Grinder</b>	<b>Felling Saw</b>

FORESTRY EQUIPMENT ATTACHMENTS

					
<b>Felling Saws</b> A complete line of single and dual post saws are available for all felling and harvesting applications.	<b>Felling Shear</b> An accumulating shear is available as a low cost, low maintenance option for felling applications.	<b>Processing Heads</b> Fixed mount or dangle type heads are available in a variety of cutting capacities to meet your specific harvesting needs.	<b>Log Loader Grapples</b> A wide range of continuous and non-continuous models are offered for all loading, delimbing and slashing applications.	<b>Trailer Mount Delimbers</b> Models designed for maximum productivity and reliability in all delimbing applications.	<b>Ground Saw Slashers</b> Slasher saws feature patented load sensing saw feed system and direct drive fast cycle times and maximized production.
